

## Himalayan Candles create the fragrance of Christmastide

Ten new candles, four new fragrances and a new attractive container join the Himalayan Candle Collection, providing perfect ways to scent the home and to stylishly decorate it.

The new spicy scents of *Mistletoe* and *Cinnamon* will evoke a festive aroma through the home at Christmastime, whilst the mellow tones of *Indian Sandalwood* and the fragrant *Wild Rose* complete the launch.

Candles are made from a natural soy wax blended with high quality essential and fragrance oils, which is hand poured into the containers. Burn times vary but are between 24 and 70 hours, and the wax totally burns away meaning the decorative handmade candle holders can be reused.

The new Himalayan Candles are available in the popular Fleur de Lys and the Bubble Glass tumblers - as well as in the brand new Mini Powder Pot. Made by skilled artisans, this is a glass replica of an ornate vintage piece and is finished with an etched lid with a choice of a Peacock or a Butterfly design.
