YANKEE CANDLE®

On a cold December night in Massachusetts, Mike Kittredge, a 16-year-old boy, sat at his family's kitchen table. Christmas was just around the corner and he did not have any money to buy a gift for his mother. Fortunately, his desperation led to inspiration. He decided to make a candle for his mother because it would be a completely unique and personal gift, something she would really appreciate.

"He knew she was a little nostalgic and that memories and emotions were important to her."

So he created a simple candle from everyday materials he found there in the kitchen, consisting of household wax, a red crayon, some string for a wick and a milk carton for the mould. A neighbour happened to see the candle before he could give it to his mother and was so impressed, she convinced him to sell it to her. With his new-found wealth, the teenager bought enough materials to make two new candles, one for his mother and another to sell.

Our *Philosophy*

AUTHENTIC FRAGRANCES

We have been sharing our passion for fragrance with the world since 1969. Authenticity leads everything that we create – it's important that every fragrance we launch is true-to-life and realistic to the experience that inspired it.

THOROUGH TESTING AND QUALITY CONTROL

Master perfumers develop Yankee Candle® fragrances for consistent and satisfying performance across all of our products. Our candles are made by master chandlers (candlemakers) and each candle is a complex system of custom blended wax, a specifically selected wick, and carefully crafted fragrance. Each and every fragrance, from our home fragrance products to our candles, is rigorously screened, reviewed, and tested by our team of experts to achieve a strong fragrance and quality experience.

MADE WITH QUALITY INGREDIENTS

All of our Yankee Candle® products are produced at our in-house production facilities in the US and Europe or at carefully selected global partners, with quality ingredients from around the world. Our master candlemakers maintain high standards, commitment, and craftsmanship.

Evolution of the Yankee Candle® jar

Our brand has evolved over the past 50 years in order to stay relevant with our loyal consumers and to also attract new users.

1974

Apothecary jar launched

Mike Kittredge has the very big idea of adding fragrance to apothecary jar candles.

1980's

Country Kitchen label

Yankee branding and 'Country Kitchen' style label is in use creating traditional Americana brand image.

1995

Photo label introduced

Branded Housewarmer® jars are introduced with labels featuring photography. The candles are promoted as consumable giftware.

2019

Refreshed photo label

Updated the EMEA Yankee Candle® labels and packaging incorporating the new logo.

2016

priority fragrances

- ▶ Top tier scents headlining our core collection
- ▶ Meeting the moods and ambiance setting needs of consumers
- ▶ Standout winners from key olfactory families

While we want to win the season with our seasonal fragrance drops, we also have a hugely compelling core set of fragrances that are loved all over the world! These fragrances have broad consumer appeal, are standout winners in olfactory categories and are relevant to key sales periods across the year. As our top tier scents, the priority fragrances are available across key wax and home fragrance forms in the portfolio. These fragrances are "must list" for building a strong foundation for your Yankee Candle assortment.

All year round fragrances

Clean Cotton®

A fragrance as fresh as sun-dried cotton sheets blowing in the wind, enhanced by a hint of white flowers and lemon

Black Cherry

A fruity fragrance that absolutely captures the delicious sweetness of rich, ripe black cherries.

Black Coconut

Scents of rich coconut, cedarwood and island blossoms promise an evening of luxurious tranquillity

Fresh Cut Roses

A pleasantly intoxicating scent - like an English garden full of fragrant roses

Lemon Lavender

Clean and inviting ... a powdery fresh blend of tangy lemon citrus and sweet lavender flowers

Midsummer's Night®

An intoxicating and masculine blend of musk, patchouli, sage and mahogany cologne

Pink Sands

It's an exotic island escape in the beautiful mix of bright citrus, sweet florals and spicy vanilla

Sage & Citrus

A blend of earthy sage notes, mingled with notes of luxurious talc and lemon-lime to create a natural harmony.

Festive fragrances

Christmas Cookie

Buttery rich, vanilla scented, holiday sugar cookies

Christmas Eve

Traditional holiday scents of a warm hearth, sugared plums, and candied fruits

LOVE *your* CANDLE

To keep your home beautifully fragranced throughout the year simply follow our handy tips on how to love your Yankee Candle®

1

Trim your wick

Use our handy Wick Trimmer to keep your wick neat and tidy. Trim your wick to the length recommended on the bottom label of your candle.

2

Allow to pool

Let the top layer of wax liquefy and pool to the edges to avoid tunnelling. Wondering how long this should take? We recommend, that for every 1cm in diameter, you burn for 30 minutes.

3

Use a Candle Snuffer

Gently douse the flame when you're done to prevent your candle from smoking.

4

Know when to say goodbye

We never like to see the end of our favourite fragrance, but once your candle wax is 1cm from the bottom; it's officially finished. Time to choose another favourite to burn.

Fragrance Information

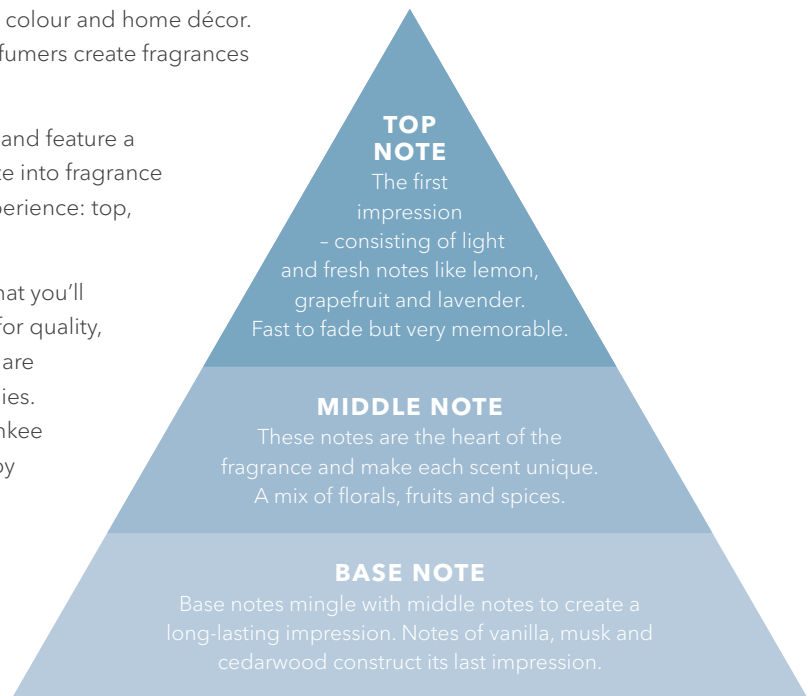

Working with the world's most renowned fragrance houses and master perfumers, we bring you and your customers the latest trends in fragrance, colour and home décor. With their tools, technical knowledge and artistic sense, perfumers create fragrances that can evoke a variety of emotions and sensations.

Many of our candle fragrances contain natural essential oils and feature a harmonious blend of ingredients. These ingredients translate into fragrance notes that appear at different stages of the overall scent experience: top, middle, and base.

Our true-to-life fragrances evoke memories and emotions that you'll want to cherish forever. Yankee Candle® is a trusted choice for quality, long-lasting fragrances. In the world of perfume, fragrances are classified by their key characteristics, creating olfactory families. These are then broken down further into sub-families. At Yankee Candle®, we help consumers find their favourite fragrance by categorising our fragrances into 6 simple families.

The fragrance family key will help you identify the family of your favourite fragrance! Some fragrances embrace notes from more than 1 of our olfactive families and for these you will see 2 dots, the top tells you the primary family and the bottom their secondary.

What is Visual Merchandising?

Successful Visual Merchandising is the art of presenting products through attractive displays to drive commercial performance, maximise sales, and encourage repeat purchases. This can be achieved by creating visually compelling displays that accentuates a product's appearance, features and benefits, which can help define a brand's identity as well as boost revenue.

Elements such as store design, layout, merchandising and cleanliness, along with lighting in a store, all contribute to creating a great atmosphere that draws consumers, giving consumers a desire to shop, browse and make a purchase.

Here are some Visual Merchandising tips to consider when displaying your product...

1

Whether you are creating a small, medium, or large shop floor layout, Yankee Candle® can offer you branded furniture and recommend what products to display on each furniture to increase customer interaction and optimise sales results.

All of this information can be found in our latest Visual Merchandising (VM) guides.

Below is an overview of our current furniture offering.

Furniture Description	Item Code
1 WS Double Wall Bay Kit	1594402
2 WS Single Wall Bay Kit	1594407
3 WS Gondola	1594417
4 WS Combination Fixture	1594419

Furniture Description	Item Code
7 WS Table Topper	1601956
8 WS Ladder	1594426
9 WS Multi Brand CDU	1680265

2

Consider the best location to attract your consumers and use brand signage to aid navigation.

OUTSIDE THE SHOP

Window Display - The entrance to your store has the highest footfall. We supply a Stockist window sticker to ensure consumers know Yankee Candle® is available inside. Yankee Candle® window graphics are available to order from your customer care representative.

INSIDE THE SHOP

Location - Inspire the trial of new fragrances as well as customer favourites by out positioning fixtures in high footfall areas.

Best sellers - Position best sellers in clear prominent positions within their merchandised layout.

Replenishment - Keep the displays fully replenished, fill up any gaps so shelves look full and attractive, ensuring products look presentable.

POS and Graphics - Is branding clearly visible and is the furniture displaying the correct POS matching the product displayed?

Spring / Summer '25 Fragrance Colour Run

We recommend that our fragrances are displayed in a spectrum of colour. We refer to this as our "Colour Run". Even if you have only 11 fragrances we advise you apply the below approach. The Colour Run below is a guide to use when displaying fragrances on your furniture.
